

Ride Review

If you forward this review with your ride stationery (or fax/email/post) to the Editor, it will be published in the newsletter. Please also include photos if available. These will be returned to you.

Tips: The review should be no more than approx 500 words. There is no need to include statistics as these are covered in the ride results. Just write a story covering the highlights of the ride, comical anecdotes, the disastrous weather etc.
