

Volunteers at the Quilty

The VERA SMC would like to extend thanks to all the people who volunteered at the Tonimbuk Quilty held in Victoria in September. The SMC greatly appreciates the contribution that this group of people have made to the success of the event and to our sport of endurance. It is not always easy to sit for long hours doing the various (and sometimes mundane) tasks that are required to run an event such as the Quilty but without the selfless support of our volunteers this event would not have happened.

The feedback from competitors was overwhelmingly complimentary on the friendliness and helpfulness of our volunteers and this has contributed greatly to the very positive image that the many visitors to our state have taken away with them. No matter how small your contribution it has all added up to make the Quilty a resounding success and one that will be talked about for years.

Thank you all for giving up your valuable time and for allowing Victoria to present a high quality and friendly Quilty.
